Application for Release from the Dream Jul 19 2022 The eagerly awaited, brilliant, and engaging new poems by Tony Hoagland, author of *What Narcissism Means to Me* The parade for the slain police officer goes past the bakery and the smell of fresh bread makes the mourners salivate against their will. —from "Note to Reality" Are we corrupt or innocent, fragmented or whole? Are responsibility and freedom irreconcilable? Do we value memory or succumb to our forgetfulness? *Application for Release from the Dream*, Tony Hoagland's fifth collection of poems, pursues these questions with the hobnailed abandon of one who needs to know how a citizen of twenty-first-century America can stay human. With whiplash nerve and tender curiosity, Hoagland both surveys the damage and finds the wonder that makes living worthwhile. Mirthful, fearless, and precise, these poems are full of judgment and mercy.

Mine Eyes Have Seen: The American Dream Collection Sep 21 2022 *Mine Eyes Have Seen: The American Dream Collection* is a book of poetry revealing the intricacies, contradictions and beauty in the American character. The collection begins with American Places and takes the reader through a series of glimpses into the impact the vast magnificence of the American landscape had on shaping the nation and people of the United States. The second section is called American People and explores the different facets of the diverse American culture. The reader feels the heartaches, despair and triumphs of a soldier, blue collar oil refinery workers, a young prostitute, middle class vacations and the business community. In the final section called American Soul the collection reveals the ethos of America as a beacon of hope to the world. The idea of a strong nation based on the freedom of individuals to choose and create their own lives is a symbol to the world of the hope and longing of the human spirit. The collection culminates in the title poem *Mine Eyes Have Seen* which reviews American history from the fifties through recent twenty-first century through the lens of one person's experience. The collection is the second for poet Linda C. Thompson. Her first collection was entitled *Life As We Know It* and in the words of one critic "was a grand start for Thompson's contribution to the canon of twenty-first-century women poets." In this new collection she extends her vision and talent to her native country - the United States of America. "I've always blended intellect and emotion in my writing. In this collection I wove history into the fabric of the verse as well." explained Thompson.

The Ambiguity of the American Dream. Two Differing Views in Literature about New York City Jun 06 2021 Seminar paper from the year 2016 in the subject American Studies - Literature, grade: 2,3, Johannes Gutenberg University Mainz, language: English, abstract: The American Dream is one of the most essential myths in American history. To this day its meaning and value are a vital part of American culture, but since it is such a powerful and influential concept, it is also the object of manifold interpretations, which at times turn out to be opposing. In my paper, I will compare the different ideas on the American Dream in F. Scott Fitzgerald's *The Great Gatsby* and Emma Lazarus's poem "The New Colossus". While Fitzgerald presents a rather negative view of the American Dream, leaving us with the notion that although we know that we must eventually fail in trying to achieve our goals, we still keep on trying. Lazarus on the other hand presents the reader with the positive side of the American Dream and New York when she says that everyone is welcome, no matter what their background is, everyone has a chance to achieve a better life in the city. This shows that in a way New York was a symbol for the American Dream, because for many the city stood for a better life and the possibility to achieve your dreams during the time when these two works were written. Lazarus includes everyone in her poem, whereas Fitzgerald leaves out real success stories and different races are portrayed negatively. Therefore, it can be said that although both might present parts of the 'reality' of the American Dream and its impact on society, they still offer very narrow and incomplete images of it, since both of them stay focused on specific (also subjective) views of this myth and the city of New York. In order to show this, I will first analyze *The Great Gatsby* and the idea of the American Dream Fitzgerald presents in it. Then I will describe Emma Lazarus's role in the shaping of the American Dream and how her words also partially oppose reality. I will then continue to analyze the ambiguity of the American Dream and New York as a city of dreams, fascination and new beginnings, but also of failure and lost hopes as it is presented in *The Great Gatsby* and in Lazarus's poem.

Our Kids Apr 23 2020 "The bestselling author of *Bowling Alone* offers [an] ... examination of the American Dream in crisis--how and why opportunities for upward mobility are diminishing, jeopardizing the prospects of an ever larger segment of Americans"--

As for Dream Nov 18 2019 A series of brief, haunting lyrics and prose fragments, the poems in *As for Dream* hover in suspension between states of consciousness or being. Hamilton's verse both illustrates and investigates the human experience at many different intervals: as we wake from the dream world, as we meet the loss or disruption of our desires, as we tend to the ill, and as we die. Once we cross those boundaries, does the self remain intact? These poems record and question moments when we slip from the casing of the body and the social world and try to make our way back, or find we cannot.

Incantatory and stirring, passionate and provocative, they are as resonant for our times as they were over half a century ago. Contents: "Let America Be America Again," "Dream of Freedom," "America," "Search," "Some Day," "In Time of Silver Rain," "Dare," "Give Us Our Peace," "I Dream a World."

John Berryman (1914-72) was a poet from an immensely gifted generation of American poets that included Robert Lowell, Randall Jarrell and Elizabeth Bishop. His long sequence *The Dream Songs* has become an enduring landmark in American poetry and a tribute to Berryman's own endurance in the face of alcoholism, depression and mental instability. In 1972 he leaped to his death from a bridge above the Mississippi River.

Best American Poetry 2018 Jan 01 2021 The 2018 edition of the *Best American Poetry*—"a 'best' anthology that really lives up to its title" (*Chicago Tribune*)—collects the most significant poems of the year, chosen by Poet Laureate of California Dana Gioia. The guest editor for 2018, Dana Gioia, has an unconventional poetic background. Gioia has published five volumes of poetry, served as the Chairman of the National Endowment for the Arts, and currently sits as the Poet Laureate of California, but he is also a graduate of Stanford Business School and was once a Vice President at General Foods. He has studied opera and is a published librettist, in addition to his prolific work in critical essay writing and editing literary anthologies. Having lived several lives, Gioia brings an insightful, varied, eclectic eye to this year's *Best American Poetry*. With his classic essay "Can Poetry Matter?", originally run in *The Atlantic* in 1991, Gioia considered whether there is a place for poetry to be a part of modern American mainstream culture. Decades later, the debate continues, but *Best American Poetry 2018* stands as evidence that poetry is very much present, relevant, and finding new readers.

The collection spans five decades, and is comprised of 868 poems (nearly 300 of which never before appeared in book form) with annotations by Arnold Rampersad and David Roessel. A Dream Within a Dream Oct 30 2020 An example of Poe's melancholic and morbid poetic pieces, "A Dream Within a Dream" is a poem that pitifully mourns the passing of time. The poet's own life, teeming with depression, alcoholism, and misery, cannot but exemplify the subject matter and tone of the poem. The constant dilution of reality and fantasy is detrimental to the poetic speaker's ability to hold reality in his hands. The quiet contemplation of the speaker is contrasted with thunderous passing of time that waits for no man. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

The American Dream. Success, Failure and the Female Dreamers Feb 20 2020 Bachelor Thesis from the year 2011 in the subject American Studies - Literature, grade: 107/110, , course: American Studies, language: English, abstract: In this work, what will be analyzed is the evolution over time of the famous phenomenon known as the American Dream. The next three chapters will mainly focus on whether or not the dream led more immigrants to success or failure, and also paying particular emphasis to how the dream was and is interpreted by most of the women living the American Dream. This work is divided into three chapters, starting from the discovery of the continent where the dream is best associated: the United States of America. Secondly, understanding the meaning of the term 'American Dream', its formation and who has used it throughout the course of its history. It will also focus on how the dream will be analyzed in a more current twentieth century context and understanding, nevertheless assessing the female dreamers through close analysis of a novel and a poem. People have always had dreams. We could acknowledge that today's dreams might be unrealistic because of corruption, however, the dreams that people had in the past were of a different nature. Success only meant having the bare necessities: a job, food for your family, new clothes a couple of times a year, a house or an apartment, and maybe even enough money to commute by transit. Achieving this success, implied much struggles, sacrifice and hard work. Looking back at the scenario, it appears to have been a very harsh experience for those who had immigrated to America. As a result of the many sacrifices that were made in pursuit of their own personal and familial goals; such as monetary success and a better life of freedom and opportunity for their descendants. Their goals consisted of only the basic life values such as personal freedom through equal rights and opportunity that we today consider to not only be essential to life, but entitlements. Thanks to the millions of hard-working immigrants, and the hundreds of thousands of soldiers and protestors who have died in the name of democracy and the rights and freedoms that today allow us to live a better life: in pursuit of their own personal and familial goals, it was the first immigrants to America who also helped build and sustain what is today a global economic and military powerhouse and international authority – the United States of America.

Hughes: Poems Oct 10 2021 A collection of poems by the African-American poet Langston Hughes.

Unaccompanied Nov 11 2021 "Every line resonates with a wind that crosses oceans."—Jamaal May "Zamora's work is real life turned into myth and myth made real life."—Glappitnova Javier Zamora was nine years old when he traveled unaccompanied 4,000 miles, across multiple borders, from El Salvador to the United States to be reunited with his parents. This dramatic and hope-filled poetry debut humanizes the highly charged and polarizing rhetoric of border-crossing; assesses borderland politics, race, and immigration on a profoundly personal level; and simultaneously remembers and imagines a birth country that's been left behind. Through an unflinching gaze, plainspoken diction, and a combination of Spanish and English, *Unaccompanied* crosses rugged terrain where families are lost and reunited, coyotes lead migrants astray, and "the thin white man let us drink from a hose / while pointing his shotgun." From "Let Me Try Again": He knew we weren't Mexican. He must've remembered his family coming over the border, or the border coming over them, because he drove us to the border and told us next time, rest at least five days, don't trust anyone calling themselves coyotes, bring more tortillas, sardines, Alhambra. He knew we would try again. And again—like everyone does. Javier Zamora was born in El Salvador and immigrated to the United States at the age of nine. He earned a BA at UC-Berkeley, an MFA at New York University, and is a 2016–2018 Wallace Stegner Fellow at Stanford University.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

American Dreams Dec 24 2022 In the tradition of Alice Walker, this electrifying new African American voice delivers the verdict on the urban condition in a sensual, propulsive, and prophetic book of poetry and prose. Whether she is writing about an enraged teenager gone "wilding" in Central Park, fifteen-year-old Latasha Harlins gunned down by a Korean grocer, or a brutalized child who grows up to escape her probable fate through the miracle of art, Sapphire's vision in this collection of poetry and prose is unswervingly honest. "Stunning . . . One of the strongest debut collections of the '90s."--Publishers Weekly

Dear Uncle Sam Jan 25 2023 DEAR UNCLE SAM (AND OTHER POEMS ABOUT THE AMERICAN DREAM) is the fourth book of poetry by quintessentially American poet Douglas P. Smith. Mr. Smith born and raised on a farm just outside Syracuse, New York, writes of the simple joys and pleasures of rural and small town American life but cannot willfully ignore the struggles and underside of what used to be called the 'American Dream', especially in the title poem: "Uncle Sam, Uncle Sam I can't afford green eggs and ham. Why won't you help me? I don't understand. Uncle Sam Why did you send my job To another land? How can the children learn When you close their school? Uncle Sam, Uncle Sam Oh say can you see what The country's going to be?" Still, like the great '60's' icon Phil Ochs, Mr. Smith's laments about the state of his beloved country, end on a note of optimism: "Uncle Sam If it rains on the fourth of July Just make a wish with The two cents China lent And light a sparkler for the American Dream. Uncle Sam, Uncle Sam Oh say can you see that Things can be so much better Than they seem? We can have the American Dream." Poems of quiet despair- the marvelous sequence of 'Syracuse Winter' poems, 10 in all- are balanced by poems of celebration, humor and strength, such as "Cups of Steam" a funny evocation of the entrepreneur of a local diner and "Birthday Party" a lovely fantasy of dead rock stars-Hendrix, Lennon, Joplin, Morrison and a rock star from another era, Mozart!- helping to celebrate the author's birthday at the popular local tavern, Dodester's. There are many more celebrations of and insights into American life in the 21st

century, spotlighting the mall-"The Old Lady," the hospital cafe where Mr. Smith works-"Saturday In The Cafe," family and pets-"Festus The Bestest," "Amy and Pumpkin"-Bus stations and bus trips- "A Little Ode," " A Girl at the Bus Station"- and local eccentrics like "The Nazi Pimp" "He swaggered into the street. Smoke from the tail pipes of passing Cars billowed around him like the fires Of long past wars screaming into the present, Coughing us into remembrance. His face was turned toward the heavens, His eyes half closed "I am the Nazi Pimp," He shrieked as he walked between moving cars. A frustrated driver beeped her horn at him. "The clock ticks, I wait for the six hundred and sixty sixth," He replied to the horn, his eyes still half closed." An essential aid to understanding a core segment of American life in the early 21st century, DEAR UNCLE SAM fulfills the promise of Mr. Smith's three previous volumes of poetry-The Window At The Top Of The Door, Wake Up The Ghosts and Poems By A Dishwasher-and promises a future of wistful evocations of the past and bold, uncompromising prods to his fellow Americans to fulfill their destiny: "On Bussey Road A lonely guitar always plays In the distance, Like a train whistle Without a train. Kissing the silence Caressing Making promises. The heart aches for what The mind can't name Places the feet won't go On Bussey Road There are ghosts. Wake up the ghosts. You can see them If you try. Let them be your guide. Your feet more than Move. Wake up the ghosts Wake up wake up Let the guitar play Kiss you in the silence Caress Promise in the dark About a brighter day" -from 'Bussey Road Ghosts'

A Cruelty Special to Our Species Aug 20 2022 A piercing debut collection of poems exploring gender, race, and violence from a sensational new talent In her arresting collection, urgently relevant for our times, poet Emily Jungmin Yoon confronts the histories of sexual violence against women, focusing in particular on Korean so-called "comfort women," women who were forced into sexual labor in Japanese-occupied territories during World War II. In wrenching language, A Cruelty Special to Our Species unforgettably describes the brutalities of war and the fear and sorrow of those whose lives and bodies were swept up by a colonizing power, bringing powerful voice to an oppressed group of people whose histories have often been erased and overlooked. "What is a body in a stolen country," Yoon asks. "What is right in war." Moving readers through time, space, and different cultures, and bringing vivid life to the testimonies and confessions of the victims, Yoon takes possession of a painful and shameful history even while unearthing moments of rare beauty in acts of resistance and resilience, and in the instinct to survive and bear witness.

In Full Velvet Apr 04 2021 These poems, likened to Elizabeth Bishop's, are about desire, love, seeing, gender, difference, ecology, queerness in the "natural" world, loss, LGBTQ lineage, and its community. They contain a sinuous, shape-shifting quality that makes her explorations of sex and selfhood all the more resonant. Jenny Johnson won a 2015 Whiting Fellowship. She lives in Pittsburgh, Pennsylvania.

That Is My Dream! Sep 09 2021 "Dream Variation," one of Langston Hughes's most celebrated poems, about the dream of a world free of discrimination and racial prejudice, is now a picture book stunningly illustrated by Daniel Miyares, the acclaimed creator of *Float*. To fling my arms wide In some place of the sun, To whirl and to dance Till the white day is done.... Langston Hughes's inspiring and timeless message of pride, joy, and the dream of a better life is brilliantly and beautifully interpreted in Daniel Miyares's gorgeous artwork. Follow one African-American boy through the course of his day as the harsh reality of segregation and racial prejudice comes into vivid focus. But the boy dreams of a different life—one full of freedom, hope, and wild possibility, where he can fling his arms wide in the face of the sun. Hughes's powerful vision, brought joyously to life by Daniel Miyares, is as relevant—and necessary—today as when it was first written.

West of the American Dream Jun 18 2022 "West of the American Dream is a multifaceted account of the search. Christensen shares his feelings of culture shock in east-central Texas as he meets the cowboy version of the blue-collar Texan and his Mexican American neighbours. He introduces readers to the convoluted history of poetry in Texas, a tradition, started by women, that shifted from a focus on the land to the quotidian habits of urban living. Using a unique dissection of the public ritual of a poetry reading, Christensen assesses the origins of modern poetry, the value of imagination in modernist and postmodernist verse, and what Texas poets achieved and how their work evolved after World War II."--Jacket.

Ordinary Misfortunes Jul 27 2020 Poetry. Korea continues to grapple with the shared memory of its Japanese and US occupations. The poems in ORDINARY MISFORTUNES incorporate actual testimony about cruelty against vulnerable bodies--including the wianbu, euphemistically known as "comfort women"--as the poet seeks to find places where brutality is overcome through true human connections. Emily Jungmin Yoon asks, Why do we write poems amid such violence? What can I, and what can poetry, do? Her response to those tough questions is a sequence of reverberating poems that blend documentary precision with impassioned witness, bringing to bear both scholarship and artistry.

The Dream Songs May 17 2022 The Dream Songs is widely seen as Berryman's masterpiece, an impressively vast and varied collection of poems that is in itself a single, sprawling, ever-shifting poem. The songs in this great work are thus offered in many different tones, moods, and guises, although their form, Berryman's idiosyncratic reworking of the sonnet, remains more or less constant. Combining all of Berryman's earlier 77 Dream Songs (which won the 1965 Pulitzer Prize) and His Toy, His Dream, His Rest (which won the 1969 National Book Award), this one-volume edition contains no fewer than 385 entries in what the critic Denis Donoghue has called Berryman's "dream diary." The book also has an index of first lines, an index of titles, and a note by the author.

The Weary Blues Apr 16 2022 Immediately celebrated as a tour de force upon its release, Langston Hughes's first published collection of poems still offers a powerful reflection of the Black experience. From "The Weary Blues" to "Dream Variation," Hughes writes clearly and colorfully, and his words remain prophetic.

The Heart of a Woman Aug 28 2020 In *The Heart of a Woman*, Maya Angelou leaves California with her son, Guy, to move to New York. There she enters the society and world of black artists and writers, reads her work at the Harlem Writers Guild, and begins to take part in the struggle of black Americans for their rightful place in the world. In the meantime, her personal life takes an unexpected turn. She leaves the bail bondsman she was intending to marry after falling in love with a South African freedom fighter, travels with him to London and Cairo, where she discovers new opportunities. *The Heart of a Woman* is filled with unforgettable vignettes of such renowned people as Billie Holiday and Malcolm X, but perhaps most importantly chronicles the joys and the burdens of a black mother in America and how the son she has cherished so intensely and worked for so devotedly finally grows to be a man.

Selected Poems of Langston Hughes Nov 30 2020 Langston Hughes electrified readers and launched a renaissance in Black writing in America—the poems in this collection were chosen by Hughes himself shortly before his death and represent stunning work from his entire career. The poems Hughes wrote celebrated the experience of invisible men and women: of slaves who "rushed the boots of Washington"; of musicians on Lenox Avenue; of the poor and the lovesick; of losers in "the raffle of night." They conveyed that experience in a voice that blended the spoken with the sung, that turned poetic lines into the phrases of jazz and blues, and that ripped through the curtain separating high from popular culture. They spanned the range from the lyric to the polemic, ringing out "wonder and pain and terror—and the marrow of the bone of life." The collection includes "The Negro Speaks of Rivers," "The Weary Blues," "Still Here," "Song for a Dark Girl," "Montage of a Dream Deferred," and "Refugee in America." It gives us a poet of extraordinary range, directness, and stylistic virtuosity.

My American Dream Love Poems Nov 23 2022 This book is a description of poems that I have written over the years. It talks about love, pain, happiness, marriage, romance, and many more. This book is a all year round book to read. In addition, each poem has it's twist about it and might need critical thinking of what I am expressing. Just because the title reads "Love Poems" does not mean every page you turn to is about love. There is more to it. Several poems express the feeling of love, several express life difficulties, and several others express pain, suffering, and so on. For example: take a look at this poem titled "My American Dream" Reality or fairy tale Or New York "s #1 fiction novel From a vantage point The American dream has changed I "ve heard successful stories Read articles, journals, blogs Little did I know about the casualties That rage of a powerful dragon Had I known a poor man "s worries Maybe we need an election year This American dream of mine Which I used to envision sublime Is no more We as Americans have lost it to Greed, politics, and war In a cold winter storm Where vision is obscure I still see possibilities Quest for more Quest for brighter days I desire it Analyze it Then critique it Entrepreneurship is the way To help me find my way To cope with today "s " struggle That "s my American dream and this one titled "America" America! America! America! A land of peace and unity A sovereign nation of laws and principles That upholds freedom and equity And advocated by its united citizens America! America! America! A land of richness and a place called home A strong nation of fame patriots Conspicuously known to be brave in riots As she defeats her enemies and defends her integrity America! America! America! Her name draws signs of love Like a rainbow in the sky above Her greatness was indeed made And never shall it fade America Now these two poems have different meaning to them. As a writer, I like to be unpredictable and predictable at times. A little suspense wouldn't hurt and it gives the reader something to think about. The reader may have to read a poem I wrote maybe once, twice, or maybe thrice to really get the concept of what I am expressing. Therefore, I hate to bore anyone by over emphasizing on how I write or to insinuate that this is the best way to write or that is not the best way to write or how one should read my book. I am simply sharing my experience of life, what I believe in (you don't have to believe it too), and how much I appreciate art and literature. If someone would have told me that one day I will write a book and publish it, I would have told the person no way on earth I could do it. My American Dream Love Poems has been in process over several years. The time, hard work, editing, re-writing, re-structuring, and endless searches on how to self publish this book have seen its highs and lows. I remember briefly how many web searches and books that I came across in search of a publication company that at least will give me the time of day to hear me out or perhaps help publish my book. I look back now in amazement to acknowledge the effort I put in day in, day out, to see that My American Dream become a reality, and not just a tale from a fiction novel. It "s my joy, my gratitude, my pleasure, and my debonair delight to present to you My American Dream Love Poems. This book is not just about reading poems. It "s more to it! Therefore, I would recommend that when you read this book, put these factors in perspective: 1. Appreciate the work of art. 2. Acknowledge the genres of the poetry content. 3. Share this book with friends and family, coworkers and colleagues, the president, even your spouse. 4. Believe in your dreams and pursue them with ease and passion. 5. Love is all you need. Enjoy! Follow me on www.discussitnow911.blogspot.com. You "ll need to have a yahoo, twitter, or Google account to join. It "s free! I will be writing more books on poems. Do check my blog for updates on the next book. Thanks!
