*The Vampire Goes to College* Oct 10 2021 This collection of original essays presents pedagogical tools, methods, and approaches for incorporating the figure of the vampire into the learning environment of the college classroom, in the hopes of ushering the Undead out of the coffin and into the classroom. The essays foster interdisciplinary collaboration and dialogue, and serve as a collective resource for those currently teaching the vampire as well as newcomers to vampire studies. Opening with a foreword by Sam George, the collection is organized around such topics as historicizing the vampire, teaching the diverse vampire, and engaging the student learner. Interwoven throughout the volume are strategies for incorporating writing instruction and generating conversations about texts ("texts" defined broadly so as to include film and other media). **The 57 Bus** May 05 2021 One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. *The 57 Bus* is Dashka Slater's true account of the case that garnered international attention and thrust both teenagers into the spotlight.

**How to Read Like a Writer** Jun 18 2022 When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such

choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

practices, based on the empirical research presented, offer strategies and routines for sound data use that can be applied in schools. Chapters written by scholars from diverse methodological perspectives offer readers multiple lenses to use in considering issues of data use such that current theoretical assumptions may be challenged and the field advanced. This uniquely focused yet comprehensive work is an indispensable resource for researchers and students interested in classroom assessment and for professionals looking to support teachers' use of student performance data for adaptive instruction.

How Should One Read a Book Apr 23 2020 Virginia Woolf dreamed of the Day of Judgment. The "great conquerors and lawyers and statesmen" come to receive their rewards - crowns, laurels, names carved on marble. But, when he sees people coming with books under their arms, God turns to Peter and says: "Look, those need no reward. We have nothing to give them here. "They have loved reading." And this is the essence of her essay - sheer love for the written word: a joy in exploring the thoughts and imaginings of the author. If you sometimes get bogged down in a book, Woolf has produced the perfect self-help manual and motivational guide to reading. If you enjoyed 'How Should One Read a Book?', try 'How to Read a Book: The Classic Guide to Intelligent Reading', by Mortimer J

Adler. "To read a novel is a difficult and complex art," says Virginia Woolf. Adeline Virginia Woolf (1882-1941) made an impact during her life, but her fame grew in the decades after her death. The English writer helped launch the use of stream-of-consciousness in literature and was a pioneer of 20th century modernism. Arguably her greatest legacy, though, comes from how her writing helped to inspire the feminist movements of the second half of the 20th century. Along with members of her family and other authors, Woolf helped found the Bloomsbury Group. After she married the political theorist and author Leonard Woolf in 1912, they went on to found the Hogarth Press. Virginia also had a long relationship with the writer Vita Sackville-West. The affair featured in the 2018 movie *Vita and Virginia*, starring Gemma Arterton and Elizabeth Debicki. Her best-known works include the novels 'Mrs Dalloway', 'To the Lighthouse' and 'Orlando'.
