Crucifixion in the Mediterranean World Nov 18 2019 John Granger Cook traces the use of the penalty by the Romans until its probable abolition by Constantine. Rabbinic and legal sources are not neglected. The material contributes to the understanding of the crucifixion of Jesus and has implications for the theologies of the cross in the New Testament. Images and photographs are included in this volume.

Peptide Macrocycles Aug 08 2021 This volume explores the latest techniques and strategies used to study the field of peptide macrocycles. The chapters in this book are organized into four parts: macrocycles synthesis, combinational library synthesis and screening, macrocycle characterization, and unique applications. Part One looks at a variety of peptide cyclization methodologies, and Part Two describes methods for the creation of peptide macrocycles libraries and their subsequent screening against biological targets of interest. Part Three discusses the study and characterization of peptide macrocycle-target interactions, and Part Four introduces unique applications for peptide macrocycles, from higher-order structure formation to post-synthetic functional modifications. Written in the highly successful *Methods in Molecular Biology* series format, chapters include introductions to their respective topics, lists of the necessary materials and reagents, step-by-step, readily reproducible laboratory protocols, and tips on troubleshooting and avoiding known pitfalls. Cutting-edge and comprehensive, *Peptide Macrocycles: Methods and Protocols* is a valuable resource for both novice and expert researchers looking to learn more about this developing field.

Punktown Feb 02 2021 Jeffrey Thomas' collection Punktown explored the streets and back alleys of a futuristic and nightmarish urbanscape in a series of unconnected short stories. In Punktown: Third Eye, Thomas has teleported authors Simon Logan, Jonathan Lyons, Charlee Jacob, Paul G. Tremblay, Michael McCarty, Mark McLaughlin, Garrett Peck, Thomas Andrew Hughes, and Scott Thomas into the city to pen their own tales of its citizens, aliens, mutations, and sentient machines. These talented authors bring a new perspective, a personal vision, a third eye view to the phantasmopolis that is Punktown.

Crucifixion in Antiquity May 17 2022 Gunnar Samuelsson questions our textual basis for our knowledge about the death of Jesus. As a matter of fact, the New Testament texts offer only a brief description of the punishment that has influenced a whole world.

The Fragility of Goodness Oct 18 2019 This book is a study of ancient views about 'moral luck'. It examines the fundamental ethical problem that many of the valued constituents of a well-lived life are vulnerable to factors outside a person's control, and asks how this affects our appraisal of persons and their lives. The Greeks made a profound contribution to these questions, yet neither the problems nor the Greek views of them have received the attention they deserve. This book thus recovers a central dimension of Greek thought and addresses major issues in contemporary ethical theory. One of its most original aspects is its interrelated treatment of both literary and philosophical texts. The Fragility of Goodness has proven to be important reading for philosophers and classicists, and its non-technical style makes it accessible to any educated person interested in the difficult problems it tackles. This edition, first published in 2001, features a preface by Martha Nussbaum.

Confesiones Sep 28 2020 Las Confesiones, honda reflexión acerca del ser humano y de su relación con Dios, es tal vez la autobiografía más célebre de la historia occidental. Las Confesiones, escritas entre el 396 y el 400, son la obra más conocida e influyente de Agustín de Hipona. Pero más allá de los pasajes que la han hecho memorable, como el análisis del tiempo, su recorrido por la memoria o la narración de las peripecias y extravíos intelectuales en pos de la Verdad que culminan en la célebre revelación del jardín de Milán, esta obra ofrece un autoanálisis único en la Antigüedad y una peculiar reflexión sobre la naturaleza del ser humano y de su relación con Dios y con el resto de la creación. Aunque

parece destinada a un público concreto (los maniqueos a los que Agustín se unió en su juventud y a los que ahora intenta atraer a la fe cristiana e iniciar en una lectura alegórica de la Biblia), la forma en que se articula el diálogo interior y el lirismo sálmico de su palabra hacen que cualquier lector pueda acceder al corazón de Agustín y también al suyo propio.

Agustín de Hipona, San Agustín, (c. 354-430) Es una de las personalidades más fascinantes y complejas de la historia del cristianismo. Durante su juventud en el norte de África, perteneció a la secta maniquea, que aunaba cristianismo, gnosticismo e influencias persas, y desde allí inició un periplo vital e intelectual que le condujo a Italia, al escepticismo y al neoplatonismo, hasta que en Mediolano (Milán) en el año 386, bajo el influjo de san Ambrosio, encontró la síntesis de neoplatonismo y cristianismo que le convertiría en el más influyente pensador cristiano hasta la Escolástica medieval. Se bautizó en 387, en 391 ingresó en un monasterio y se convirtió en obispo de Hipona en el año 396. Conocemos mucho de su vida gracias a sus Confesiones, quizás la más célebre autobiografía de la historia occidental.

Our Fair Share Nov 23 2022 America's economy does not currently live up to our country's core values. We are a nation founded on the ideals of coming together across differences to forge a common future. Yet over the past fifty years, our economy has been pulling us apart at unprecedented rates. By allowing top income earners and the wealthiest Americans to hoard wealth like almost never before, we belie what makes our country great. This is a threat to our well-being, our

democracy, and our values. Brian C. Johnson combines accessible scholarship on wealth and income inequality in America with deeply personal accounts of six Americans of diverse backgrounds who are each wrestling with what it means to survive and thrive in this new economic world. In so doing, he offers a solution that is as visionary as it is practical. Dubbed the Citizen Dividend, this revolutionary model assumes that economic growth is built off of the wealth we have created together as a country, and together we all reap its benefits. In *Our Fair Share*, Johnson lays the groundwork for implementing this solution, detailing what the Citizen Dividend is, offering examples of similar existing models, outlining the benefits of such systems, tackling some of the common concerns that arise, and offering a path toward making it a reality. Ultimately, *Our Fair Share* calls on each of us to claim what is uniquely American, building a common future that embraces and celebrates our differences. This is our revolutionary inheritance. May we all benefit from it.

Bufflehead Sisters Dec 12 2021 As an only child, Janet longs for a sister her parents are unable to give her. In kindergarten she meets Sophie, a strange and imaginative girl with a troubled family life. As friendship grows between the two girls, Janet believes her prayers have been answered, especially when members of her family embrace Sophie as one of their own. Sophie's troubles continue to follow her through high school, and Janet stands by her "sister" until, in adulthood, she learns of a devastating secret Sophie has kept from her. Janet's world is turned upside down-and she discovers there may be a limit to what sisters should share.
