Real Life Story  
About the Gilgo  
Beach Murders and  
The Craigslist  
Reaper. Biography  
Documentary Real  
Life Story Anda  
loves Coarsegold  
Online, the  
massively-  
multiplayer role  
playing game that  
she spends most of  
her free time on.  
It's a place where  
she can be a leader,  
a fighter, a hero.  
It's a place where  
she can meet  
people from all over  
the world, and  
make friends.  
Gaming is, for  
Anda, entirely a  
good thing. But  
things become a lot  
more complicated  
when Anda

befriends a gold  
farmer -- a poor  
Chinese kid whose  
avatar in the game  
illegally collects  
valuable objects  
and then sells them  
to players from  
developed countries  
with money to burn.  
This behavior is  
strictly against the  
rules in Coarsegold,  
but Anda soon  
comes to realize  
that questions of  
right and wrong are  
a lot less  
straightforward  
when a real  
person's real  
livelihood is at  
stake. From  
acclaimed teen  
author Cory  
Doctorow and  
rising star  
cartoonist Jen  
Wang, In Real Life  
is a sensitive,  
thoughtful look at  
adolescence,  
gaming, poverty,  
and culture-clash.

This title has

connections. At the  
Publisher's request,  
this title is being  
sold without Digital  
Rights Management  
Software (DRM)  
applied. In this day-  
in-the-life account,  
six art teachers  
provide a realistic  
picture of what life  
as an art teacher is  
really like. We all  
struggle with our  
identities, how we  
show up as our  
authentic selves,  
and who we want to  
see when we look in  
the mirror. This  
powerful collection  
of stories, told by  
transgender and  
nonbinary people of  
all ages and from  
all walks of life, is  
an inspiring tribute  
to the human spirit.  
They are our  
children, parents,  
siblings, neighbors,  
friends, and

colleagues. Many have faced daunting challenges and have overcome the hardships of poverty, racism, transphobia, and alienation from their families. Some have become activists; some are entrepreneurs; others simply want to make a difference in one person's life. But wherever their journeys have taken them, they are so much more than their gender transitions. This book is a testament to the power of hope, determination, and the possibilities open to everyone when they learn to love and accept themselves for who they really are. "The poems ride lightly on the waves

of thought, more textures than statements. The cradle of the real life is divided into two sections, the shorter first section dealing with loss and death and the longer second section, entitled 'Her lost book,' which weaves memories with various metaphors for writing and deals specifically with the 'problem' of women's writing."--Cover. From the acclaimed author of Brooklyn, Burning comes Guy in Real Life, an achingly real and profoundly moving love story about two teens that National Book Award-finalist Sara Zarr has called "wholly original and instantly classic." It is Labor Day

weekend in Saint Paul, Minnesota, and boy and girl collide on a dark street at two thirty in the morning: Lesh, who wears black, listens to metal, and plays MMOs; Svetlana, who embroiders her skirts, listens to Björk and Berlioz, and dungeon masters her own RPG. They should pick themselves up, continue on their way, and never talk to each other again. But they don't. This is a story of the roles we all play—at school, at home, online, and with our friends—and the one person who might be able to show us who we are underneath it all. In this "immersive, densely reported, and altogether remarkable first

book [with] the texture and color of a first-rate novel" (New York Times), journalist Doug Bock Clark tells the epic story of the world's last subsistence whalers and the threats posed to a tribe on the brink. A New York Times Notable Book A New York Times Editors' Choice Winner of Lowell Thomas Travel Book Award Silver Medal Finalist for William Saroyan International Writing Prize Longlisted for Mountbatten Award for Best Book Telegraph Best Travel Books of the Year Hampshire Gazette Best Books of 2019 One of the favorite books of Yuval Noah Harari, author of the classic

bestseller *Sapiens*, "on the subject of humanity's place in the world." (via Airmail) On a volcanic island in the Savu Sea so remote that other Indonesians call it "The Land Left Behind" live the Lamalerans: a tribe of 1,500 hunter-gatherers who are the world's last subsistence whalers. They have survived for half a millennium by hunting whales with bamboo harpoons and handmade wooden boats powered by sails of woven palm fronds. But now, under assault from the rapacious forces of the modern era and a global economy, their way of life teeters on the brink of collapse. Award-

winning journalist Doug Bock Clark, one of a handful of Westerners who speak the Lamaleran language, lived with the tribe across three years, and he brings their world and their people to vivid life in this gripping story of a vanishing culture. Jon, an orphaned apprentice whaler, toils to earn his harpoon and provide for his ailing grandparents, while Ika, his indomitable younger sister, is eager to forge a life unconstrained by tradition, and to realize a star-crossed love. Frans, an aging shaman, tries to unite the tribe in order to undo a deadly curse. And Ignatius, a legendary

harpooner entering retirement, labors to hand down the Ways of the Ancestors to his son, Ben, who would secretly rather become a DJ in the distant tourist mecca of Bali. Deeply empathetic and richly reported, *The Last Whalers* is a riveting, powerful chronicle of the collision between one of the planet's dwindling indigenous peoples and the irresistible enticements and upheavals of a rapidly transforming world. Presents advice and coping strategies for dealing with crises in daily life, examining problems which can arise from such events as loss of a loved one, a

physical or mental breakdown, or loss of a sense of purpose in life. An in-depth look at the men and women who call themselves "Real Life Super Heroes." Dressed like heroes from comic books and action movies, Real Life Super Heroes are out there. They dress up at night, fight crime, save people, and some of them even have secret identities. Are they ordinary, mild-mannered citizens, or are they larger-than-life characters, determined to fight crime, risking life and limb to defend victims of violence and injustice? And why do some choose to reveal their true identities, while others prefer to remain

anonymous? Guided by a reporter's instincts and a thrill-seeking nature, journalist Nadia Fezzani sets out in search of the secret lives of these men and women, who put themselves in harm's way to protect their fellow human beings. Through interviews and patrols with these heroes, she discovers what lies behind their activities. After facing gunmen and other dangers on patrol, Fezzani has crafted a psychologically fascinating look at Real Life Super Heroes and their world. The ABC medical drama *Grey's Anatomy* has generated a flurry of interest in how medical professionals really

make it through one of the most rigorous educational programs around, but how much of the medical drama seen in Grey's Anatomy is pure entertainment, and how much is an accurate reflection of life both in and out of the OR? In *The Real Grey's Anatomy*, a well-known medical journalist provides some answers. He examines a group of new surgical residents at a major teaching hospital in the Pacific Northwest as they tackle the roller-coaster ride of long hours, fascinating procedures, mundane office tasks, and emotional ups and downs that comprise the life of a student of

surgery. A FINALIST for the Booker Prize, the National Book Critics Circle John Leonard Prize, the VCU/Cabell First Novelist Prize, the Lambda Literary Award, the NYPL Young Lions Award, and the Edmund White Debut Fiction Award "A blistering coming of age story" —O: The Oprah Magazine Named a Best Book of the Year by The New York Times, The Washington Post, New York Public Library, Vanity Fair, Elle, NPR, The Guardian, The Paris Review, Harper's Bazaar, Financial Times, Huffington Post, BBC, Shondaland, Barnes & Noble, Vulture, Thrillist, Vice, Self, Electric Literature, and

Shelf Awareness A novel of startling intimacy, violence, and mercy among friends in a Midwestern university town, from an electric new voice. Almost everything about Wallace is at odds with the Midwestern university town where he is working uneasily toward a biochem degree. An introverted young man from Alabama, black and queer, he has left behind his family without escaping the long shadows of his childhood. For reasons of self-preservation, Wallace has enforced a wary distance even within his own circle of friends—some

dating each other, some dating women, some feigning straightness. But over the course of a late-summer weekend, a series of confrontations with colleagues, and an unexpected encounter with an ostensibly straight, white classmate, conspire to fracture his defenses while exposing long-hidden currents of hostility and desire within their community. Real Life is a novel of profound and lacerating power, a story that asks if it's ever really possible to overcome our private wounds, and at what cost. Farmer Brown is a western farmer who endures the hardships of

farming with the help of his family. This totally self-sufficient family relies each other, working from dawn to dusk, to get all their work done. In Fishing, Farmer Brown's boy must finish weeding the garden before he is rewarded by being allowed to fish in the creek. The "catch" is, he must catch enough fish to feed the family. Farmer Brown's boy learns that with every reward comes a responsibility. Haytime depicts the difficult work farmers endure during the cutting and baling of hay. Once again, in the quiet demeanor we've become accustomed to, Farmer Brown delivers a message of family

togetherness and cooperation to attain a common goal. Horse is the story of Farmer Brown's boy wish for a horse. After being exposed to the excitement of the National Western Stock Show and Rodeo, Farmer Brown's boy can hardly wait to own his own horse. In this story, Farmer Brown teaches his son that to realize one's dreams one must do more than wish. In his own words, Bret Hart's honest, perceptive, startling account of his life in and out of the pro wrestling ring. The sixth-born son of the pro wrestling dynasty founded by Stu Hart and his elegant wife, Helen, Bret Hart is a

Canadian icon. As a teenager, he could have been an amateur wrestling Olympic contender, but instead he turned to the family business, climbing into the ring for his dad's western circuit, Stampede Wrestling. From his early twenties until he retired at 43, Hart kept an audio diary, recording stories of the wrestling life, the relentless travel, the practical jokes, the sex and drugs, and the real rivalries (as opposed to the staged ones). The result is an intimate, no-holds-barred account that will keep readers, not just wrestling fans, riveted. Hart achieved superstardom in pink tights, and

won multiple wrestling belts in multiple territories, for both the WWF (now the WWE) and WCW. But he also paid the price in betrayals (most famously by Vince McMahon, a man he had served loyally); in tragic deaths, including the loss of his brother Owen, who died when a stunt went terribly wrong; and in his own massive stroke, most likely resulting from a concussion he received in the ring, and from which, with the spirit of a true champion, he has battled back. Widely considered by his peers as one of the business's best technicians and workers, Hart describes pro wrestling as part

dancing, part acting, and part dangerous physical pursuit. He is proud that in all his years in the ring he never seriously hurt a single wrestler, yet did his utmost to deliver to his fans an experience as credible as it was exciting. He also records the incredible toll the business takes on its workhorses: he estimates that twenty or more of the wrestlers he was regularly matched with have died young, weakened by their own coping mechanisms, namely drugs, alcohol, and steroids. That toll included his own brother-in-law, Davey Boy Smith. No one has ever written about

wrestling like Bret Hart. No one has ever lived a life like Bret Hart's. For as long as I can remember, my world was filled with liars and bullshitters, losers and pretenders, but I also saw the good side of pro wrestling. To me there is something bordering on beautiful about a brotherhood of big tough men who pretended to hurt one another for a living instead of actually doing it. Any idiot can hurt someone. —from Hitman "The Real Life of Sebastian Knight is a perversely magical literary detective story -- subtle, intricate, leading to a tantalizing climax -- about the mysterious life of a

famous writer. Many people knew things about Sebastian Knight as a distinguished novelist, but probably fewer than a dozen knew of the two love affairs that so profoundly influenced his career, the second one in such a disastrous way. After Knight's death, his half brother sets out to penetrate the enigma of his life, starting with a few scanty clues in the novelist's private papers. His search proves to be a story as intriguing as any of his subject's own novels, as baffling, and, in the end, as uniquely rewarding"-- Goodreads.com. In 1904, having known each other for only three months, a

young woman named Nora Barnacle and a not yet famous writer named James Joyce left Ireland together for Europe -- unwed. So began a deep and complex partnership, and eventually a marriage, which endured for thirty-seven years. This is the true story of Nora, the woman who, transformed by Joyce's imagination, became Molly Bloom, arguably the most famous female character in twentieth-century literature. It is also the story of Ireland, a social history encapsulated in the vivid recreation of Joyce and his small Irish entourage abroad. Ultimately it is the portrait of a relationship -- of

Nora's complicated, committed, and at times shocking relationship with a hardworking, hard drinking genius and with his work. In NORA: THE REAL LIFE OF MOLLY BLOOM, the award-winning biographer Brenda Maddox has given us a powerful new lens through which to see both James Joyce and the woman who was in turn his inspiration and his salvation. " ... authors Jacqueline Blix and David Heitmiller, a married couple, explain how they gradually transformed their lives over the past six years by using the [Your money or your life] program."--Jacket. In Real Life: An Online Love Story is the first of its

kind—a bilingual novel-in-poetry written by popular Spanish-language poet Leticia Sala. In Real Life is not only about a young Barcelona woman who finds romance online thousands of miles away in New York City, it is also an ode to the titanic effort required in staying loyal to a commitment and her own individuality in the silicon age. Told in a poetic key, the fate of this couple, whose relationship begins with love at first like, offers a fractured mosaic of essential moments crowded with insecurities and urban neuroses, both contemporary and universal. The characters in the work of Leticia Sala seek light in the

chaos churned out by modern culture and are always treated by the author with compassion, regard, and respect for their unfolding desires. In Real Life captures our infatuation with technology and finding new ways of relating to one another, our fascination with travel and language, and our age-old obsession with that right to love and feel loved. Draws on interviews with producers, managers and ex-girlfriends and boyfriends to provide a history of the band, including how lead singer Freddie Mercury's untimely death from AIDs challenged the

band to reinvent itself. A REAL LIFE STORY A Journey of faith - Believing in the impossible!  
CHAPTER - 01 -  
Far from the truth  
Year 1990:  
Mozarilma Maurício Maia, she was better known as Moza. At the time, he dreamed of marrying a rich, handsome man and spending his honeymoon in the Caribbean islands. On the other hand, as time went by, part of his family, as mentioned above, entered the process of conversion to Christianity, where first his mother and then part of his sisters. Anyway, in the face of all this movement that began with his family, it could be said that it was

already God's work; In fact, there was already a kind of pride about Moza's life, if not an excessive conjuncture of the false appearance of grandeur, so the feeling of contempt for family and friends became apparent, since she only wanted to be close to people that had a better financial condition. During this period, Moza had been working for some time in a company called - Duarte & Representações Ltda. "DUCOR", however, his behavior became such a boundless and unprecedented vanity, rose to his heart more than arrogance and arrogance, something much greater, because

his particular world was only a small closed cycle of less of ten people, which could not be called friendship. But Moza also observed that one by one of his family members were converting to the Gospel of Christ. Thus, when she is at home, living together becomes increasingly difficult with her family, that is, both the sisters and her mother, because, constantly, during domestic or personal chores, gospel music was common". And also sang along, and that would make Moza apparently angry and angry, first, because she didn't accept it, and second, because he believed it was a way to provoke her.

So, motivated by the cause of the indifferent situation, Moza decided to spend as little time as possible at home, choosing, therefore, when it came to Fridays, that is, after the end of working hours used to schedule several outings with her friends from the most often Benair and Manair. Covers key middle school and high school topics in the context of everyday life scenarios. Teaches fractions, equivalent fractions, finding patterns, ratio, solving proportions, rates, and unit pricing. A GOOD MORNING AMERICA BOOK CLUB PICK In this brilliant new novel from Emiko Jean,

the author of the New York Times bestselling young adult novel Tokyo Ever After, comes a whip-smart, laugh-out-loud funny, and utterly heartwarming novel about motherhood, daughterhood, and love—how we find it, keep it, and how it always returns. One phone call changes everything. At thirty-five, Mika Suzuki's life is a mess. Her last relationship ended in flames. Her roommate-slash-best friend might be a hoarder. She's a perpetual disappointment to her traditional Japanese parents. And, most recently, she's been fired from her latest dead-end job. Mika is at her lowest point when she

receives a phone call from Penny—the daughter she placed for adoption sixteen years ago. Penny is determined to forge a relationship with her birth mother, and in turn, Mika longs to be someone Penny is proud of. Faced with her own inadequacies, Mika embellishes a fact about her life. What starts as a tiny white lie slowly snowballs into a fully-fledged fake life, one where Mika is mature, put-together, successful in love and her career. The details of Mika's life might be an illusion, but everything she shares with curious, headstrong Penny is real: her hopes,

dreams, flaws, and Japanese heritage. The harder-won heart belongs to Thomas Calvin, Penny's adoptive widower father. What starts as a rocky, contentious relationship slowly blossoms into a friendship and, over time, something more. But can Mika really have it all—love, her daughter, the life she's always wanted? Or will Mika's deceptions ultimately catch up to her? In the end, Mika must face the truth—about herself, her family, and her past—and answer the question, just who is Mika in real life? Perfect for fans of Kiley Reid's *Such a Fun Age*, Gail Honeyman's *Eleanor Oliphant* is

*Completely Fine*, and Rebecca Serle's *In Five Years*, Mika in *Real Life* is at once a heart-wrenching and uplifting novel that explores the weight of silence, the secrets we keep, and what it means to be a mother. *Real Lives in the Sixteenth Century* presents a global history using four sets of biographies to illustrate similar situations in different geographical regions. The vibrant narratives span four continents and include the following pairs: Henry IV of France and Hideyoshi of Japan, Hürrem Sultan (Roxelana) of the Ottoman Empire and Lady Zheng of the Ming Dynasty, Afonso I of

Kongo and Elizabeth I of England, and Pope Clement VII and Moctezuma II of Mexico. Through exploring the lives of eight individuals from a variety of cultural settings, this book encourages students to think about the 'big questions' surrounding human interactions and the dynamics of power. It introduces them to a number of key historical concepts such as feudalism, dynasticism, religious syncretism and slavery, and is a springboard into the history of the wider world, blending together aspects of political, cultural, intellectual and material history. Accessibly written and

containing timelines, genealogical tables and a number of illustrations for each biography, *Real Lives in the Sixteenth Century* is the ideal introductory text for undergraduates of pre-modern World History and of the sixteenth century in particular. Pamela Horn uses first-hand accounts and reminiscences, as well as official records and newspaper reports, to extract the truth about the lives and status of men and women in domestic service from 1900 to 1939. The purpose of this book is to contribute to contemporary debates about alternative ways of

teaching Moral Education in Malaysia by including the voice of students. *Moral Education in the Malaysian setting* is both complex and compulsory. This book explores alternatives to the current somewhat dated approach. It seeks to discover what young adolescents describe as moral dilemmas, how they approach them and what they find useful in resolving these moral problems. Imagine that you're a young internist, with a waiting room full of sick and anxious people, a man with chest pains in Exam Room 1, a teenager with a mystery ailment in Exam Room 2, and several patients

waiting for test results. On top of that, you have to deliver bad news to the woman in Exam Room 3, whose headaches may be something more sinister than you previously thought. Every one of those patients is a story. Unusual diagnoses. Heartbreaking losses. Triumphant healing. From med student to intern to practicing specialist, *The Real Life of an Internist* traces the careers of internists, the largest specialization among doctors. This anthology features first-person narratives from students and doctors studying internal medicine at every stage of their careers, and offers an unblinking look

at daily life in the field. Other books in the Kaplan Voices: Doctors series will focus on pediatrics, family practice, psychiatry, anesthesiology, oncology, geriatrics, and surgery, the most prominent specialties today. "Lucid and engaging . . . should take pride of place on the bookshelf of specialists and non-specialists interested in Roman Britain." —Minerva This illuminating account of Britain as a Roman province sets the Roman conquest and occupation of the island within the larger context of Romano-British society and how it functioned. The

author first outlines events from the Iron Age period immediately preceding the conquest in AD 43 to the emperor Honorius's advice to the Britons in 410 to fend for themselves. He then tackles the issues facing Britons after the absorption of their culture by an invading army, including the role of government and the military in the province, religion, commerce, technology, and daily life. For this revised edition, the text, illustrations, and bibliography have been updated to reflect the latest discoveries and research in recent years. The superb illustrations feature reconstruction

drawings, dramatic aerial views of Roman remains, and images of Roman villas, mosaics, coins, pottery, and sculpture. In the colorful, tumultuous setting of postwar Argentina, Eva Peron wielded a power--spiritual and practical--that has few parallels outside of hereditary monarchy. In this "fascinating, frightening, straightforward" (Cleveland Plain Dealer) biography, Fraser and Navarro have produced "a work of great political sophistication. . . . Factual, nuanced, and absorbing" (Kirkus Reviews). Photos. Bodenheimer defines the

personal paradoxes that helped to shape Eliot's fictional characters and narrative style. Bodenheimer revisits pivotal episodes in Mary Ann Evans's life and career, including the "Holy War" through which she asserted her youthful religious skepticism; her decision to elope with the married writer George Henry Lewes; and her marriage with John Cross after Lewes's death. Bodenheimer also discusses the rumor campaign that led to the discovery that "George Eliot" was a woman, and she traces the trajectory of Eliot's impassioned conflict between her ambition and her womanhood.

Business authors Jack and Suzy Welch return, nearly a decade after publishing their international bestseller, *Winning*, to tackle the most pressing business challenges in the modern world. From creating winning strategies to leading and managing others *The Real Life MBA* acts as an essential guide for every person in business today - and tomorrow. Fifteen-year-old math prodigy Seth Gordon knows exactly what he wants to do with his life—play video games. Every spare minute is devoted to honing his skills at *Starfare*, the world's most popular computer game. His goal:

South Korea, where the top pros are rich and famous. But the best players train all day, while Seth has school and a job and divorced parents who agree on only one thing: "Get off that damn computer." Plus there's a new distraction named Hannah, an aspiring photographer who actually seems to understand his obsession. While Seth mopes about his tournament results and mixed signals from Hannah, *Team Anaconda*, one of the leading Korean pro squads, sees something special. Before he knows it, it's goodbye Kansas, goodbye Hannah, and hello to the strange new world of Korea. But

the reality is more complicated than the fantasy, as he faces cultural shock, disgruntled teammates, and giant pots of sour-smelling kimchi. What happens next surprises Seth. Slowly, he comes to make new friends, and discovers what might be a breakthrough, mathematical solution to the challenges of Starcraft. Delving deeper into the formulas takes him in an unexpected direction, one that might just give him a new focus—and reunite him with Hannah. Children will find the stories of people who experienced amazing success despite overwhelming obstacles. Includes

J.K. Rowling, Oprah Winfrey, Walt Disney, Serena and Venus Williams, Ludwig van Beethoven, Nelson Mandela, Thomas Alva Edison, Vincent van Gogh, and others. A powerful call to action for achieving equality in leadership. Women make up fewer than ten percent of national leaders worldwide, and behind this eye-opening statistic lies a pattern of unequal access to power. Through conversations with some of the world's most powerful and interesting women—including Jacinda Ardern, Hillary Rodham Clinton, Christine Lagarde, Michelle Bachelet, and Theresa

May—Women and Leadership explores gender bias and asks why there aren't more women in leadership roles. Speaking honestly and freely, these women talk about having their ideas stolen by male colleagues, what it's like to be called fat or a slut in the media, and what things they wish they had done differently. The stories they tell reveal vividly how gender and sexism affect perceptions of women as leaders. Using current research as a starting point, Julia Gillard and Ngozi Okonjo-Iweala—both political leaders in their own countries—analyze the lived experiences of

these women leaders. The result is a rare insight into life as a leader and a powerful call to arms for women everywhere.

Ruminates on ancient remains and antiquities, illuminating an important element of contemporary cultural life: the dynamic between loss and delight. #1 Wall Street Journal Bestseller and New York Times Bestseller The business titans and #1 New York Times and Wall Street Journal bestselling authors of Winning return with a modern, essential guide for everyone in business today—and tomorrow—that explores the most pressing challenges related to creating

winning strategies, leading and managing others, and building a thriving career. In the decade since their blockbuster international bestseller Winning was published, Jack and Suzy Welch have dug deeper into business, traveling the world consulting to organizations of every size and in every industry, speaking before hundreds of audiences, working closely with entrepreneurs from Mumbai to Silicon Valley, and, in 2010, starting their own fully accredited online MBA program, which now has approximately 1,000 students enrolled. Over the same time frame,

Jack has advised more than seventy-five companies through private equity, and dozens more in a senior advisory role at IAC. Now, Jack and Suzy Welch draw on their experiences to address the biggest problems facing modern management—and offer pragmatic solutions to overcome them. Going beyond theories, concepts, and ideologies, they tackle the real stuff of work today. When you get down to it, they argue, winning in business is all about mastering the gritty, inescapable, make-or-break, real-life dilemmas that define the new economy, the old economy, and

everything in between. Work is a grind. We just got whacked. My boss is driving me nuts. I'm stuck in career purgatory. My team has lost its mojo. IT is holding us hostage. Our strategy is outdated the day we launch it. We don't know what our Chinese partners are talking about. We're just not growing. These are some of the day-to-day issues the Welches take on. Coupled with Jack's years of iconic leadership and Suzy's insights as former editor of the Harvard Business Review, their new database of knowledge infuses *The Real Life MBA* with fresh, relevant stories and equally powerful solutions

that every manager at any level can use right now. *James Gandolfini: The Real Life of the Man Who Made Tony Soprano* is the first biography of the actor who died, in June 2013 at age 51, widely recognized as one of the best—and most defining—actors of his generation. The book is informed by fresh interviews with Sopranos actors, the star's acting teachers and coaches, his childhood friends, buddies from his days as a nightclub bouncer, and Hollywood figures including the directors of his posthumously released films. Bischoff decodes Gandolfini's portrayal of

mobsters and bad guys from his breakout role in *True Romance* with Patricia Arquette to the television series role that made his career, and his portrayals of real people like Leon Panetta in *Zero Dark Thirty*. Gandolfini's personal life—from his marriages and family interactions to his deep friendships with his fellow cast members—enriches and enlivens this book, and deepens our understanding of the star. *James Gandolfini: The Real Life of the Man Who Made Tony Soprano* is a fascinating look at Gandolfini's complicated relationship to his roots, to the role that made him

wealthy beyond his imagination, and to American notions of masculinity, power and fame. Even as he scaled the heights of his profession, creating a TV character as vivid as Carroll O'Connor's Archie Bunker and as volcanic as Marlon Brando's Stanley Kowalski, Gandolfini remained a reluctant celebrity dedicated more to his craft than to his career. James Gandolfini: The Real Life of the Man Who Made Tony Soprano delivers a textured, multilayered portrait of the on- and off-screen life of a complex, talented man who rose from an Italian immigrant family in northern New

Jersey to join the ranks of America's most iconic actors. A confessional, uplifting memoir from the beloved YouTube personality. It's not where you begin that matters. It's where you end up. Twenty-three year old Joey Graceffa has captured the hearts of millions of teens and young adults through his playful, sweet, and inspirational YouTube presence (not to mention his sparkling eyes and perfect hair). Yet, Joey wasn't always comfortable in his skin, and in this candid memoir, he thoughtfully looks back on his journey from pain to pride, self-doubt to self-acceptance. To his fans, Joey is that best friend who

always captures the brighter side of life but also isn't afraid to get real. In the pages of his first book, he opens up about his years of struggling with family hardships and troubles at school, with cruel bullying and the sting of rejection. He tells of first loves and losses, embarrassing moments and surprising discoveries, loneliness, laughter, and life-changing forks in the road, showing us the incalculable value of finally finding and following your true passion in this world. Funny, warm-hearted, and inspiring, Joey Graceffa's story is a welcome reminder that it's not where

you begin that matters, but where you end up. USA Today National Bestseller Publisher's Weekly National Bestseller Advice on how to have healthy, dynamic relationships from Raashaun (DJ Envy) and Gia Casey, revealing their secrets to navigating marriage, family, and faith Gia and Raashaun Casey met when they were two teenagers attending the same high school in Queens. They have been together for an astounding 27 years and married for 20. They have remained together through Raashaun's growing celebrity, a devastating (and very public) cheating scandal,

and the births of six children. Now, more than a quarter of a century into their relationship, they are stronger and more committed to each other than they've ever been, and their fans are clamoring to know how they did it. In *Real Life, Real Love*, Gia and Raashaun explore the entire chronology of their love story with remarkable vulnerability, searing honesty, and a lot of humor. It's a riveting narrative about how to grow together, an aspirational guidebook for people who seek the same unconditional love in their relationships, and an in-depth look at how to remain

equals after being thrust into the public eye. An innovative, informative, and entertaining history of Roman Britain told through the lives of individuals in all walks of life *The Britain of the Roman Occupation* is, in a way, an age that is dark to us. While the main events from 55 BC to AD 410 are little disputed, and the archaeological remains of villas, forts, walls, and cities explain a great deal, we lack a clear sense of individual lives. This book is the first to infuse the story of Britannia with a beating heart, the first to describe in detail who its inhabitants were and their place in our history.

A lifelong specialist in Romano-British history, Guy de la Bédoyère is the first to recover the period exclusively as a human experience. He focuses not on military campaigns and imperial politics but on individual, personal stories. Roman Britain is revealed as a place where the ambitious scramble for power

and prestige, the devout seek solace and security through religion, men and women eke out existences in a provincial frontier land. De la Bédoyère introduces Fortunata the slave girl, Emeritus the frustrated centurion, the grieving father Quintus Corellius Fortis, and the brilliant metal

worker Boduogenus, among numerous others. Through a wide array of records and artifacts, the author introduces the colorful cast of immigrants who arrived during the Roman era while offering an unusual glimpse of indigenous Britons, until now nearly invisible in histories of Roman Britain.
