Psychology and the Perennial Philosophy Sep 14 2022 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society. In this groundbreaking anthology, leading authors from the perennialist school, including Huston Smith, Seyyed Hossein Nasr, and Frithjof Schuon, draw on the age-old insights of the world's wisdom traditions to argue that modern psychology behaviorism, psychoanalysis, humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness."

Frithjof Schuon and the Perennial Philosophy Nov 16 2022 This introduction to the writings of Frithjof Schuon (1907-1998), the pre-eminent spokesman of the Perennialist or Traditionalist school of comparative religious thought, is the first book to present a comprehensive study of his intellectual and spiritual message. In addition to a clear explanation of Schuon's message of metaphysics and the great religions, Oldmeadow includes an overview of Schuon's paintings and poetry, and insights on prayer and virtue in the spiritual life.

Roots of the Human Condition Feb 07 2022 Applies the principle of universal and perennial metaphysics to spiritual and moral life.

The Perennial Philosophy Aug 01 2021

The Perennial Philosophy Dec 25 2020 The Perennial Philosophy By Aldous Huxley Includes, God, truth, religion, good and evil, prayer, suffering, faith, mortification, charity and much more.

Seeing, Knowing, Being Nov 11 2019 From ancient Taoist sages and Sufi mystics to Christian contemplatives and contemporary Zen masters, *Seeing, Knowing, Being* explores the profound truth behind all the world's mystic traditions: Living a spiritual life has nothing to do with fixing ourselves. It is simply a matter of awakening to what we already are. The real work of self-discovery-and the answer to our suffering, emptiness, and loss of meaning-is learning to see in a different way. "The mystical adventure is all in the seeing, says John Greer. "From departure to arrival, nothing changes but our eyes. But the process isn't that simple. In this all-embracing work that is destined to become a classic, Greer artfully traces the steps and stages of the delicate process of awakening. He shows how we can move from society's hand-me-down version of reality to the wonder of our true nature-from conceptual, habitual patterns of thinking to knowing the truth by being. Like a master artist who captures an image and stirs something deep inside of us, Greer also highlights nearly one hundred evocative metaphors, as varied and colorful as the sages themselves, to kindle your imagination and spark your intuition-to shift your perspective and shake you into an awareness that no amount of explanation can. What Greer shows, with great wisdom and compassion, is that when you put aside the map of the mind, you can follow the compass of your heart. You can move through the details of life-going to work, raising a family, throwing out the garbage-and still experience the wonders and

oneness of life with deep reverence, gratitude, and joy. "Books often describe journeys. Seeing, Knowing, Being actually takes you on one. . . . A profound expedition into the true nature of life. -MATTHEW FLICKSTEIN, author and producer of the award-winning film *With One Voice*

Philosophia perennis Apr 28 2021 The study features the five most important and most efficacious themes of Western spirituality in their ancient historical origins and in their unfolding up to early modernity: Divine names, Microkosmos-Makrokosmos, theories of creation, the idea of spiritual spaces, and the concepts of eschatological history.

Eternal Wisdom: The Esoteric Gnosis of Perennial Philosophy Jun 18 2020 *Eternal Wisdom* explains the connection between art, mythology, spirituality, and religion through the language of symbols. These concepts are taken outside of the context of religious philosophy to explain how these ideas should be revised to achieve a positive cultural outlook for the increasingly bleak modern era. Archetypes and mystical experiences possess an inherent immortal existence in the collective human subconscious. They are eternally existent in artistic symbolism and spiritual traditions. Part earthly and part-other worldly, these hidden forces interact with humanity by providing a primordial source for the creative facets of human existence that are channeled into the diverse range of spiritual, mystical, and cultural experiences. This book examines the strands of esoteric thought and gnosis provided in the teachings of perennial philosophy - a topic that has been predominantly associated with prestigious authors such as Carl Jung, René Guénon, Frithjof Schuon, Ananda Coomaraswamy, Huston Smith, and Aldous Huxley. *Eternal Wisdom* aspires to expand on the existing corpus of teachings by advocating for the inclusion of polytheist cultural sources. Additionally, esoteric practices - including divination and the alchemy - are discussed within the context of perennial philosophy and the primordial tradition.

The Divine Within May 30 2021 "A genius . . . a writer who spent his life decrying the onward march of the Machine." — The *New Yorker* Brave New World author Aldous Huxley on enlightenment and the "ultimate reality." In this anthology of twenty-six essays and other writings, Aldous Huxley discusses the nature of God, enlightenment, being, good and evil, religion, eternity, and the divine. Huxley consistently examined the spiritual basis of both the individual and human society, always seeking to reach an authentic and clearly defined experience of the divine. Featuring an introduction by renowned religious scholar Huston Smith, this celebration of "ultimate reality" proves relevant and prophetic in addressing the spiritual hunger so many feel today.

Traditionalism Aug 13 2022 In this, the first wide-ranging study of the 'traditionalist' or 'perennialist' school of twentieth-century thinkers, the author discusses the vital significance of their writings for the contemporary world, particularly in relation to the convergence of religious traditions and the destructive impact of modernity. This book opens with a presentation of the three pre-eminent figures in this movement—Ren Gu non, Ananda Coomaraswamy, and Frithjof Schuon—now widely regarded as the foremost exponents in the modern era of The Perennial Philosophy, that timeless wisdom which lies at the heart of all religious traditions. Their writings, as well as those of Titus Burckhardt, Marco Pallis, Martin Lings, Seyyed Hossein Nasr, and others, are dedicated to the elucidation of the metaphysical and cosmological principles that inform the perennial wisdom, and to the explication of the manifold ways in which these principles found concrete expression in traditional societies. While affirming the essential unity of all religions, traditionalism is concerned with preserving the particular forms that give each religious heritage its *raison d' tre* while at the same time ensuring its spiritual efficacy. This book explains why no one engaged in religious and cultural studies can afford to disregard the urgent message of the traditionalists, who have reminded a forgetful world—in a manner that can be ignored but not refuted—of those principles which everywhere and always remain true. It also demonstrates why any reassessment of contemporary values—now increasingly called into question—must take into account the profound traditionalist critique of the modern Western worldview.

The Perennial Scope of Philosophy Feb 24 2021 The text of six lectures in which Karl Jaspers redefines the position of philosophy in the world today, particularly in relation to science and theology, and defines and outlines his own philosophy.

The Fullness of God Nov 23 2020 For the first time, this book collects from Schoun's vast corpus his writings on Christianity, including selections from his personal correspondence and other previously unpublished materials.

Men of a Single Book Mar 08 2022 In this groundbreaking work, award-winning Brazilian journalist Azevedo presents a frank and objective account of how the label of fundamentalism can be applied to

religious and secular 'faiths' alike. In the 21st century, passionate and emotional attachment to a single point of view, and the rejection of all others, has become one of the main social, political, and religious issues, leading to conflicts around the globe.

And the highest honor a theologian can receive is to be invited to deliver the Gifford Lectures in Glasgow, Scotland. Seyyed Hossein Nasr is the only person ever to have received both of these honors ... This valuable book distills the essence of the thought of one of the most important thinkers or our times." Book jacket. Descriptive content provided by Syndetics"! a Bowker service. *Prayer Fashions Man* Jul 12 2022 In this newly revised English translation from the French, including a comprehensive glossary, this volume surveys the enormous range of Schuon's writings on prayer and spiritual life.

Frithjof Schuon Jun 30 2021 Offering the most comprehensive biography of Frithjof Schuon (1907-1998) yet published, Fitzgerald's work features quotations from Schuon's articles, books, memoirs, and correspondence, combined with a wealth of reliable information from people who knew Schuon well. With over 75 color and black-and-white photos and illustrations, readers will gain valuable insights into the life and work of the foremost representative of the Perennialist or ?Traditionalist? school of comparative religious thought.

Natural Law Today Aug 21 2020 Natural Law Today gives a strong voice to classical natural law theory as the best answers to the fundamental questions of ethics and as the best framework for political and social life. It explains various aspects of that theory and defends it against common misperceptions and criticisms.

Ye Shall Know the Truth Oct 15 2022 Contains essays on mysticism, prayer, sacred art, the relationship between Christianity and other religions."

The Essential Ren, Gu,non Feb 13 2020 A prolific writer and author of over 24 books, Rene Guenon was the founder of the Perennialist/Traditionalist school of comparative religious thought. Known for his discourses on the intellectual and spiritual bankruptcy of the modern world, symbolism, tradition, and the inner or spiritual dimension of religion, this book is a compilation of his most important writings. A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world's religions and his writings on Hinduism, Taoism, and Sufism are particularly illuminating in this regard.

The Doors of Perception and Heaven and Hell Mar 16 2020 "A genuine spiritual quest. . . . Extraordinary." — New York Times Among the most profound and influential explorations of mind-expanding psychedelic drugs ever written, here are two complete classic books—The Doors of Perception and Heaven and Hell—in which Aldous Huxley, author of Brave New World, reveals the mind's remote frontiers and the unmapped areas of human consciousness. This edition also features an additional essay, "Drugs That Shape Men's Minds," now included for the first time.

Philosophy of Science in the Light of the Perennial Wisdom Apr 09 2022 Against the backdrop of the pervasive scientism of our time, this book is a daring attempt to offer an intellectual critique of the foundations of modern science by rigorously examining the limitations of rational thought and empirical investigation. Unique of its kind, it situates science in the context of the perennial wisdom of the world's religions, which for millennia have provided keys to true knowledge.

Islam and the Perennial Philosophy Jan 26 2021

The Library Of Perennial Philosophy (set Of 6 Books) :- Dec 05 2021

The Perennial Philosophy Jan 18 2023 The Perennial Philosophy is defined by its author as "The metaphysic that recognizes a divine Reality substantial to the world of things and lives and minds." With great wit and stunning intellect, Aldous Huxley examines the spiritual beliefs of various religious traditions and explains them in terms that are personally meaningful.

Aldous Huxley and Alternative Spirituality Oct 11 2019 Aldous Huxley and Alternative Spirituality offers an analysis of Huxley's spiritual interests, spanning both mysticism and Western esotericism. With this methodology, Jake Poller generates new insights into Huxley's work and draws revealing parallels between Huxley's ideas and the New Age.

The Perennial Philosophy and the Future of America Oct 23 2020 This mini-book is a chapter from my forthcoming book *Enlightenment 101: A Guide to God-Realization and Higher Human Culture*. The book looks at the experience of enlightenment for the individual and the race. This chapter begins: Perennial means always reappearing, like flowers which are planted once and then come up every spring. Philosophy, of course, means love of wisdom or, more generally, wisdom itself. So "the perennial philosophy" means wisdom which appears again and again. It has also been called the perennial wisdom and the ageless wisdom. It appears throughout history in all cultures, in all parts of the world. It is timeless and universal. It answers the most fundamental questions people have asked about existence. It speaks to their highest concerns, and has done so since humanity first developed a hunger for understanding ourselves and the meaning of existence. It has aspects of religion, metaphysics, philosophy, esoteric doctrines, occult teachings and hermetic mysteries, yet it transcends all of these specific traditions. It is, in the words of Ken Wilber, "the worldview that has been embraced by the vast majority of the world's greatest spiritual teachers, philosophers, thinkers, and even scientists....it's a testament to the universal nature of these truths, to the universal experience of a collective humanity that has everywhere agreed to certain profound truths about the human condition and about its access to the Divine." The perennial philosophy is, in short, the collective highest wisdom of humanity. It is the spiritual data base of human insight and understanding about ultimate matters. It has been accumulated from cultures around the world, from East and West, from seers and sages, from sacred paths and religious traditions, and from every endeavor by questing human beings to answer questions which are fundamental to human happiness.

Light from the East Nov 04 2021 This is a collection of writings about the spiritual meeting of East and West in the modern world including articles by the Dalai Lama, Huston Smith, Frithjof Schuon, Thomas Merton, Titus Burckhardt, Ananda Coomaraswamy, Diana Eck, Gary Snyder and Aldous Huxley. Highlighting aspects of Hinduism, Buddhism, and Taoism that have proved most attractive to Western seekers, it explores the similarities and differences between Eastern and Western traditions while emphasizing respect amongst the adherents of different faiths.

Echoes of Perennial Wisdom May 18 2020 This revised collection of brief and inspiring passages on the spiritual life was selected from Schuon's unpublished letters and papers as well as from his books. They discuss our relationship with God, the importance of prayer, the meaning of virtue, the significance of beauty in our lives as well as other spiritual themes. This edition has been re-translated and expanded to include 19 additional pages of moving excerpts.

Ye Shall Know the Truth Jun 11 2022 Contains essays on mysticism, prayer, sacred art, the relationship between Christianity and other religions."

Perennial Philosophy Jan 14 2020 In this lucid explanation of perennial philosophy, Arthur Versluis reveals this tradition—so often described as esoteric and inaccessible—to be closer to our interests and experience than many of us have realized. Versluis has distilled an immense amount of scholarship into this small volume, but its brevity is deceiving. Like the culmination to any alchemical work, *Perennial Philosophy* is a powerful tincture that—once imbibed—transports receptive readers to a world in which they are part of a spiritual hierarchy that links heaven to earth. Arthur Versluis has distilled an immense amount of scholarship to produce a disarmingly accessible, lucid, and deeply penetrating study of the great philosophic traditions that underlie Western culture. Versluis concisely explains what perennial philosophy is and what it isn't. The clarity of his prose makes this deep book a pleasure to read. A remarkable achievement! -Gregory Shaw, author of *Theurgy and the Soul: The Neoplatonism of Iamblichus* ***** This brilliant little book, written with stunning clarity, offers an entirely new perspective on what "perennial philosophy" actually means and entails. This is a return to the real philosophical quest, almost entirely forgotten by the academic world: a going beyond the limited self, to experience our kinship with the greater world and the deepest levels of

reality, which results in a transformation of the self and a realization of our human nature. For anyone interested in the roots of our philosophical tradition, or what a living philosophy could look like today and in the future—a philosophy that actually inspires and fertilizes culture, art, and human experience—this book is indispensable. —David Fideler, author of *Restoring the Soul of the World* and other books and essays.

The Heart of Plotinus Mar 28 2021 Drawing parallels with other traditions, the author emphasizes that Plotinus' philosophy was not a purely mental or rational exercise, but a complete way of life incorporating the spiritual virtues. He provides an introduction to his teachings and an informative commentary on the *Enneads*.

God and Work May 10 2022 This book is a compilation of Keeble's insightful essays dealing with the oft-neglected relationship between God and work, spirituality and art, as well as contemplation and action. In the midst of the fast-paced modern world, it addresses the question, how can work become a form of prayer? Keeble focuses on artists and craftsmen such as poet and engraver William Blake, calligrapher Edward Johnston, sculptor Eric Gill, and key figures of the Arts and Crafts movement in Britain.

Words of Wisdom Apr 16 2020 Like their predecessors throughout the late nineteenth and twentieth centuries, popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition. In his encyclical *Fides et ratio* (1998), John Paul II called on philosophers “to have the courage to recover, in the flow of an enduringly valid philosophical tradition, the range of authentic wisdom and truth.” Where the late pope spoke of an “enduringly valid tradition,” Jacques Maritain and other Thomists often have referred to the “perennial tradition” or to “perennial philosophy.” *Words of Wisdom* responds to John Paul's call for the development of this tradition with a much-needed dictionary of terms. As a resource for students in colleges, universities, and seminaries, as well as for teachers of the perennial tradition and interested general readers, *Words of Wisdom* occupies a unique place. It offers precise, yet clear and understandable accounts of well over a thousand key philosophical terms, richly cross-referenced. It also explains significant terms from other philosophical movements with which Thomism (and the Catholic intellectual tradition more generally) has engaged—either through debate or through judicious and creative incorporation. Moreover, it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed. Finally, it provides a comprehensive bibliography of works by Aquinas in English, expositions and discussions of perennial themes, and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries.

The Essential Frithjof Schuon Oct 03 2021 Collects the best essays by the religious philosopher on a variety of spiritual subjects.

Form and Substance in the Religions Sep 02 2021

Remembering in a World of Forgetting Jul 20 2020 This book contains a wide-ranging selection of writings by perennialist author William Stoddart that expose the many false ideologies of postmodernism (forgetting) and call for a return to traditional religion, especially in its mystical dimensions (remembering).

The Transcendent Unity of Religions Dec 13 2019 Schuon asserts that to transcend religious differences, we must explore the esoteric nature of the spiritual path back to the Divine Oneness at the heart of all religions.

The Underlying Religion Dec 17 2022 This is an anthology of 25 essays by the leading exponents of the perennialist school of comparative religious thought. It aims to be the most accessible introduction yet to the perspective of the Perennial Philosophy.

The Perennial Philosophy, By Aldous Huxley Sep 21 2020

The Perennial Philosophy Feb 19 2023 An inspired gathering of religious writings that reveals the "divine reality" common to all faiths, collected by Aldous Huxley "The Perennial Philosophy," Aldous Huxley writes, "may be found among the traditional lore of peoples in every region of the world, and in its fully developed forms it has a place in every one of the higher religions." With great wit and stunning intellect—drawing on a diverse array of faiths, including Zen Buddhism, Hinduism, Taoism, Christian mysticism, and Islam—Huxley examines the spiritual beliefs of various religious traditions and explains how they are united by a common human yearning to experience the divine. *The Perennial Philosophy* includes selections from Meister Eckhart, Rumi, and Lao Tzu, as well as the *Bhagavad Gita*, *Tibetan Book of the Dead*, *Diamond Sutra*, and *Upanishads*, among many others.
