The wounded Melor is carried away by a kindly bishop--but he is saved not by the old man's prayers, but by a shining figure who descends from the heart of the Milky Way. A figure out of ancient myth, who has a hand wrought of silver--and who gifts a similar magical hand to the wounded Prince. Healed, Melor goes to live quietly in a monastery. However, as he grows older, tales of the Prince's deeds reach the ears of the paranoid Rhivod, and soon the wicked king wants Melor's head as well as his new silver hand...A mythic reimagining of the Cornish and Breton legend of St Melor. A dreaded curse has befallen each generation of the royal family—and now it threatens the handsome Prince Alaric. Together with her friends Tobias and Winifred, Molly must protect the prince and destroy the curse. Could a less likely champion be found to save the Kingdom of Westria? Fantasy. Tale of Prince Corum, avatar, of the Eternal Champion, called to a Celtic Golden Age, where he must do battle against a race as old as his own. Born into a family that is already engaged in a blood feud with another noble house, Otto is sent to live with monks, but is reclaimed at age 12 by his militant, but loving father. The gentle-natured boy is kidnapped and mutilated by the rival family. Pauline, his captors daughter helps him escape. A New York Times bestseller, *The Silver Linings Playbook* was adapted into the Oscar-winning movie starring Bradley Cooper and Jennifer Lawrence. It tells the riotous and poignant story of how one man regains his memory and comes to terms with the magnitude of his wife's betrayal. During the years he spends in a neural health facility, Pat Peoples formulates a theory about silver linings: he believes his life is a movie produced by God, his mission is to become physically fit and emotionally supportive, and his happy ending will be the return of his estranged wife, Nikki. When Pat goes to live with his parents, everything seems changed: no one will talk to him about Nikki; his old friends are saddled with families; the Philadelphia Eagles keep losing, making his father moody; and his new therapist seems to be recommending adultery as a form of therapy. When Pat meets the tragically widowed and clinically depressed Tiffany, she offers to act as a liaison between him and his wife, if only he will give up watching football, agree to perform in this year's Dance Away Depression competition, and promise not to tell anyone about their "contract." All the while, Pat keeps searching for his silver lining. In this brilliantly written debut novel, Matthew Quick takes us inside Pat's mind, deftly showing us the world from his distorted yet endearing perspective. The result is a touching and funny story that helps us look at both depression and love in a wonderfully refreshing way. The great king, Meldryn Mawr, is dead, and his kingdom lies in ruins. Treachery and brutality rule the land, and Albion is the scene of an epic struggle for the throne. Lewis Gillies returns as Llew, seeking the true meaning behind a mysterious prophecy--the making of a true king and the revealing of a long awaited champion: Silver Hand. The ancient Celts admitted no separation between this world and the Otherworld: the two were delicately interwoven, each dependent on the other. "The Silver Hand" crosses the thin places between this world and that, as Lewis Gillies seeks to learn the secret of the prophecy of "The Silver Hand"--and to save Albion before it is too late. A mysterious pendant. A sinister suitor. And an epic chase to the Edge of the Map... 1706. The rival Dutch and English East India Companies sail the world's oceans, bringing back exotic treasures and tales of fantastical lands. In coastal Hollyport, Margaret faces a terrible choice: to abandon herself to a marriage that could erase her very soul, or to risk all aboard a ship bound for dangerous waters. With her betrothed husband, the sinister Mr Van Guelder in pursuit, Margaret embarks on a journey like no other: where pirates, flying islands and secret empires await; along with unexpected friendship from troubled young nobleman Taro, whose estate holds surprises and sorrows of its own. But Van Guelder is never far behind, nor is the power of the mysterious lodestone round his neck, and Margaret will have to learn the true nature of suffering before she can ever be free. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. "THE MOST IMPORTANT THING WE CAN GIVE OUR CHILDREN IS AN EDUCATION." —Mae Bertha Carter

In 1965, the Carters, an African American sharecropping family with thirteen children, took public officials at their word when they were offered "Freedom of Choice" to send their children to any school they wished, and so began their unforeseen struggle to desegregate the schools of Sunflower County, Mississippi. In this true account from the front lines of the civil rights movement, four generations of the Carter family speak to author and civil rights activist Constance Curry, who lived this story alongside the family—a story of clear-eyed determination, extraordinary grit, and sweet triumph. "Dignity . . . is a quality displayed in abundance by the heroes of this tale . . . Mae Bertha cut a path for her children. Now it is their turn, and their children's turn." —The New York Times "Alternately inspiring and mortifying, frightening and enraging . . . *Silver Rights* is a sure-to-be-classic account of 1960s desegregation." —Los Angeles Times "A 'case study' of moral leadership . . . [An] instructive, even revelatory book." —Robert Coles, author of *Children of Crisis* "The book has an immediacy, intimacy and emotional truth that history rarely reveals. It also unfolds with a simplicity of words and facts that make the Carters' courage, faith and love a reality any reader can share." —Smithsonian "A solid contribution to the literature of recent American political history." —Kirkus Reviews "*Silver Rights* is pure gold . . . Connie Curry shines a light on the civil rights movement's unknown makers . . . A must-read." —Julian Bond A LITERARY GUILD SELECTION

From the #1 New York Times bestselling author of *One Day in December* . . . When a double-booking at a remote one-room cabin accidentally throws two solace seekers together, it feels like a cruel twist of fate. But what if it's fate of a different kind? "A perfectly executed and quintessential romantic comedy."—Christina Lauren, author of *The Unhoneymooners* ONE OF THE MOST ANTICIPATED BOOKS OF 2022—PopSugar Spending her thirtieth birthday alone is not what dating columnist Cleo Wilder wanted, but she plans a solo retreat—at the insistence of her boss—in the name of re-energizing herself and adding a new perspective to her column. The remote Irish island she's booked is a far cry from London, but at least it's a chance to hunker down in a luxury cabin and indulge in some self-care while she figures out the next steps in her love life and her career. Mack Sullivan is also looking forward to some time to himself. With his life in Boston deteriorating in ways he can't bring himself to acknowledge, his soul-searching has brought him to the same Irish island to explore his roots and find some clarity. Unfortunately, a mix-up with the bookings means both have reserved the same one-room hideaway on exactly the same dates. Instantly at odds, Cleo and Mack don't know how they're going to manage until the next weekly ferry arrives. But as the days go by, they no longer seem to mind each other's company quite as much as they thought they would. Written with Josie Silver's signature charm, *One Night on the Island* explores the meaning of home, the joys of escape, and how the things we think we want are never the things we really need. The great king, Meldryn Mawr, is dead, and his kingdom lies in ruins. Treachery and brutality rule the land, and Albion is the scene of an epic struggle for the throne. In this the tenth epic volume of the *Tale of the eternal Champion*, Michael Moorcock brings the old Celtic gods alive. Satiric and symbolic romance in which Manuel's widow institutes the cult of the Redeemer of Poictesme. Hands of Gold, loosely based on real events, follows Jewish Sam on a journey that takes him from war-torn Europe at the turn of the 20th century, through the Great Depression and labor union reforms in America. He is Silverhand, who was foretold, destined to save the world from Chaos. To do so he needs the Arcana: The Spear of Light, The Stone of Destiny, The Cup of Blood and The Sword of Flame. Once the treasures of the gods of creation, they have been for eons lost to both gods and men. Properly used, they can defeat the rising tide of evil that is sweeping the world. But if Silverhand fails in his quest, the world will be plunged into an eternal nightmare of

suffering and death. King, warrior, and lover Brian Boru was stronger, braver, and wiser than all other men—the greatest king Ireland has ever known. Out of the mists of the country's most violent age, he merged to lead his people to the peak of their golden era. His women were as remarkable as his adventures: Fiona, the druidess with mystical powers; Deirdre, beautiful victim of a Norse invader's brutal lust; Gormlaith, six-foot, red-haired goddess of sensuality. Set against the barbaric splendors of the tenth century, *Lion of Ireland* is a story rich in truth and legend—in which friends become deadly enemies, bedrooms turn into battlefields, and dreams of glory are finally fulfilled. In the summer after graduating from college, Suleika Jaouad was preparing, as they say in commencement speeches, to enter "the real world." She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the vast majority of us will travel back and forth between these realms throughout our lives.

Between Two Kingdoms is a profound chronicle of survivorship and a fierce, tender, and inspiring exploration of what it means to begin again. Born into a robber baron's household in medieval Germany, young Otto is caught in the middle of a violent blood feud. Nevertheless, the lad grows up to be a gentle and loving person.

One of the most important teachers of historical swordsmanship, Stephen Hand has delivered what may well be his Magnum Opus, a detailed study in text and photographs of his best form, the swordsmanship of the 16th century English swordmaster, George Silver. In nearly 800 photographs, Mr. Hand explores the depth of Silver's technique, presenting for the student a clear and concise path to fighting with the single-handed sword. These techniques are from the same period as William Shakespeare, and it is even supposed that Silver had something to do with the staging of swordsmanship in Shakespeare's plays. So these techniques should have special interest to those involved

in swordplay on the stage. Students of fencing history, members of the SCA, LARPS, or students of Renaissance history will also find this first-ever exploration of Silver's amazingly effective techniques supremely valuable. After injuring his hand, a silversmith's apprentice in Boston becomes a messenger for the Sons of Liberty in the days before the American Revolution. Born into a family that is already engaged in a blood feud with another noble house, Otto is sent to live with monks, but is reclaimed at age 12 by his militant, but loving father. The gentle-natured boy is kidnapped and mutilated by the rival family. Pauline, his captors' daughter, helps him escape. His father allows him to return to the monks who place him under the emperor's protection. His silver hand is a replacement for the one Otto lost while in captivity, but his injury does not prevent him from maturing wisely and marrying Pauline.

Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it. The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's *Night Court* keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance—and healing—in each other's arms. Raised in the quiet and peace of a medieval monastery, the son of a German robber baron returns to his father's castle where he attains manhood and honor despite family blood feuds which bring him great sorrow.
